The **Safemark** Journey

Since 1983, Safemark has revolutionized global hospitality security with electronic safes, trusted by top hotel brands worldwide. For 40 years, we've prioritized guest safety, reducing theft and building trust. Our expert team ensures unparalleled service, driving customer satisfaction and revenue. Explore our in-room safe solutions - bringing you peace of mind and efficiency.

Experience Matters

Comprised of seasoned industry veterans, Safemark's team recognizes the significance of prompt service. We proudly maintain a dominant market share in the United States, bolstered by our extensive international reach facilitated by regional offices and trusted distributor partners. We stand ready to collaborate with your team and design professionals to guarantee the perfect fit without compromising on security.

In-Room Safes

Safemark is the dominant provider of electronic safes to the global hospitality industry and the approved supplier of leading hotel brands and management companies. With nearly 3 million installations and the widest selection of safes, Safemark has engineered a complete line of safes to balance the unique needs of designers, operators and hotel guests. Installations range from luxury to economy properties with models crafted to accommodate case goods, walls, closets, and more.

Guest Benefits

- ▶ Wide Range of Extensive Product Lines
- ▶ Re-codable Cylinder for In-Room Safes
- ▶ Comprehensive 240-Event Audit Trail
- ▶ Professional Training and 24/7 Technical Support
- ▶ 5-year* Manufacturer's Warranty and Exclusive USD \$10,000 Limited Warranty Against Forced Entry†

Embrace the **peace of mind** that comes from knowing your equipment is in capable hands.

Trust The Experts

Safemark's experts handle training and installation, freeing you to focus on other tasks.

High Security Override Key

Hotels rely on Safemark's top-notch override systems for secure, emergency access to their safes. Customized with a unique pinning code, these high-security keys are concealed behind a plate, ensuring they can't be easily copied like skeleton keys. This virtually pick-proof lock provides peace of mind.

Emergency Handheld Override

Safemark's Emergency Handheld Override (EHO) enhances security with password-protected access through user-friendly Windows® compatible software. The system's detailed audit trail saves time, money, and reduces fraudulent liability claims.

Complimentary Continuing Education

Safemark has teamed up with AEC Daily to build knowledge and connections. AEC Daily is one of the largest sources of free CEU (Continuing Education Unit) courses for designers. This course reviews the features, types, and installation options of battery-operated, digital safe solutions designed to protect against theft without the need for keys or cards. Safemark is the ONLY in-room-safe solutions company to design a CEU course with AEC Daily.
